- Handle historic artefacts and toys
- Buy old Journals and books at knock-down prices
- Check out the Back to the Front project
- Purchase a set of newly published essays by Clive Clark

The Abbots Langley Local History Society was founded in 1994. Its objectives are to encourage interest in the recent and distant past history of the area, particularly the landscape, buildings and, of course, the people.

The Society numbers some 190 enthusiastic individual members. The main activities are a series of illustrated winter lectures, on topics of historical interest held usually on the last Monday of each month at 8pm in the very convivial surroundings of the Manor House Sports and Social Centre. These meetings have a pleasant, informal atmosphere, and members are invited to contribute by bringing interesting artefacts and making short presentations on items of interest. In addition, the Society holds exhibitions, arranges guided summer walks, and organises visits to places of interest.

The annual subscription for 2019-2020 is £8.00 for individuals and £12.00 for family membership. New members are always welcome. If you are interested, visit our website [allhs.org.uk](http://allhs.org.uk) or contact the membership secretary by e-mailing [membership@allhs.org.uk](mailto:membership@allhs.org.uk). And don't forget to visit our free summer exhibition in the Henderson Hub on Saturday 27th July 2019.
